Dear School Committee Members,

First off, for me Tom Lamb receiving this honor is what they call "a no-brainer".

Tom's impact has been and will continue to be felt here in Natick and wherever he has been for a long while.

I had the privilege to play for Tom and then as a Pop Warner Coach to be mentored by him and the wonderful staff that he always surrounded himself with.

His ability to make the # 1 starter and the the # 45 to # 67 substitutes on his team feel the same was a tribute to the man he is and the character that he possesses.

As a public employee (29 years with the Recreation and Parks), coach (14 years as a Pop Warner coach, well over 20 years coaching youth sports, 16 years as a high school coach, father and a Natick resident since 1965, I can think of no-one who exemplifies this award and the principles of this award more than Tom Lamb.

Thank you for your time.

Any questions, please feel free to contact me.

Dan Keefe
